

Free Entitlement for 3 and 4 Year Olds

Universal Free Entitlement

All 3 and 4 year olds are entitled to 570 hours of free childcare per year, funded by the government. This is referred to as Universal Free Entitlement. You may have heard this referred to as "15 hours" as nurseries which only operate during term time offer 15 hours per week. As we are open during the school holidays as well, we have stretched this free entitlement over 45 weeks of the year. This equates to 12.5 hours per week. Details of the 45 funded weeks will be sent out in our newsletter each term. Our standard fees will apply for the remaining 5 weeks of the year.

You can start claiming free entitlement for your child in the term following their 3rd birthday.

Child's birthday	Child becomes eligible	Headcount Week
1 st April - 31 st August	1st September following 3 rd birthday	15 th September 2018
1 st September -31 st December	1st January following 3 rd birthday	19 th January 2019
1 st January - 31 st March	1 st April following 3 rd birthday	27 th April 2019

Children must have started attending their sessions by the headcount week in order to receive the free entitlement for that term. In exceptional circumstances, claims for Free Entitlement after the headcount may be accepted if approved by the Local Authority.

Extended Free Entitlement

The government has doubled the amount of free entitlement available to working parents to 1140 hours per year. This has been referred to as "30 hours" by nurseries which only operate during term time. We have decided to stretch this extended free entitlement over 50 weeks of the year which means parents can access 22.5 hours per week.

The extended free entitlement is available for working parents who satisfy the following criteria:

- Both parents must be working - or the sole parent is working in a lone parent family
- Each parent earns, on average, a weekly minimum equivalent to 16 hours at National Minimum Wage or National Living Wage
- Each parent must have an annual income of less than £100,000

You can start claiming your free entitlement for your child in the term following their 3rd birthday (see above for details) and the same rules apply in relation to the headcount day.

To check your eligibility and to register please visit www.childcarechoices.gov.uk where you will be provided with a unique code. Please be aware that you will need to reconfirm your eligibility for the extended free entitlement every three months. If you do become ineligible, there is a short grace period until the end of term where you will still receive the free entitlement.
